RE: Qwest Short Term Notice of Network Changes, CC Docket No. 96-98,
47 C.F.R. Sections 51.325 - 51.335. Disclosure No. 529

Dear Ms. Dortch:

The Certification of Public Notice(s) of Network Change(s) Under Rule 51.329(a) and the Certification of Short Term Public Notice(s) of Network Change(s) Under Rule 51.333(a) regarding copper retirements in Arizona, Colorado, Idaho, Minnesota, New Mexico, Utah and Washington, filed by Qwest with the FCC (Disclosure No. 529) on October 31, 2005, incorrectly listed some Implementation Dates as 2005. The Implementation Dates listed as occurring in January (16, 31), March (26), April (20) and May (5) should be 2006. The days of the month remain the same.

Attached is a document that correct those errors. Qwest requests that the attached document be accepted for inclusion in the record of CC Docket No. 96-98. To date, Qwest Disclosure No. 529 has not been publicly noticed by the FCC.

Included are an original and two copies of this letter and attachment. A "stamp and return" copy is also included for acknowledgment of receipt of this material. Concurrent with this filing, a copy (in paper form and via email) is being submitted to Carmell Weathers on behalf of the Chief-Wireline Competition Bureau of the Federal Communications Commission.

Please contact me on 202.429.3120 if you have questions concerning this matter.

Sincerely,

Melissa E. Newman
